二、范文

One possible version:

While studying at home, I surveyed my class on "self-discipline". The findings worried me a lot.

To solve the problem, I asked my parents for help, and they offered some practical advice. Then I held an online discussion with my classmates on how to well discipline ourselves. After that, we all knew better what to do.

Three months later, I did a second survey, which showed great improvements in self-discipline. I phoned my teacher about it, and we both felt very pleased.
